This is a great overall application. I was very upset with the fact that the print letter portion of the app had a lot of precursive letters instead of printing (th and oo, for example). Therefore, I can not use the screen for my students. It needs fixing. The app itself was great. I bought the app and can share it on the iPad since I bought it on the iPhone. Hi, if you get the same app on your iPad go to Settings, Restore Purchase, we hope it helps. I've been using the cheerful phonetic curriculum for over 5 years and I swear by it.
